# THIS IS PEGASUS

Are you an adventurer at heart and long for a day of yachting without the expertise and hardware? We have you covered. Pegasus is the exceptional sailing experience on board one of the world's most premium and highly engineered yachts, the Oyster 625.

This 65ft monohull is sophisticated and stylish, and is all the adventure you want whilst still enjoying a luxury experience on Sydney's Pittwater or Harbour. You'll be delighted by the expertise of the crew, taste of the food and drinks, and feeling of the salt water under your feet as you dangle your legs over the side like a yachtie en route to Hobart.
